Shigemi no naka kasaneru toiki
Machiwabiru koko kara nettai
Michisuji wa midori no hate
Maboroshi no hana

Mitsu o sutte hikari hande
Atashi wa anata o uetsukusu
Kaze wa urete kusa o naide
Fukamaru meiro o tsukuridasu
Karamu tsuda lalala

Namida wa ima ase no shizuku ni
Koi o suru itsudemo nettai
Kawaku ma ni rubii no hebi
Sokonashi no numa

Kawa o haide kajitsu kande
Anata wa atashi o umetsukusu
Iki o tomete ikudo shinde
Soredemo owari wa konai kara
Kono mama de lalala

Mitsu o namete hikari haite
Atashi wa anata o makichirasu
Sora wa ochite miki o saite
Kagerou deguchi o fusaideku

Toge o nuide kizu wa michite
Atashi wa anata o harandeku
Iki o tomete ikudo shinde
Soredemo owari wa konai kara

Kono mama de lalala

</lyrics>

Inside the bush, piled with sighs
Tired of waiting for the tropics
Along the path which is finally green
are illusory flowers

Drink the nectar, eat the light
I will plant you
The wind ripens, the grass is mown
I will make a deep labyrinth
Of tangled ivy lalala

Now my tears are in my drops of sweat
I always am in love with the tropics
In this thirsty space, a ruby serpent
And a bottomless bog

Shed the skin, bite the fruit
I will bury you
Stop your breath, die a number of times
But even then there will be no end
So we'll stay this way lalala

Lick the nectar, spit out light
I will scatter you
The sky falls, the trunks split
The hazy exit is blocked off

Take out the thorns, be covered in scars
I will be pregnant with you
Stop your breath, die a number of times
But even then there will be no end
So we'll stay this way lalala
