</lyrics>

my fingers rescue the falling tears
frivolously dancing on the wings of a bird
decorating the face, my heart opens

the tears have dried, what am i seeing?
it goes through the mirror
turning back is perplexing in my mind

the distant darkness glides over my shadow
it hid my body when you were breathing

i hear the song without a end

my fingers control the sharpened knife
i can see the blurring red flower petals
i begin to know the pain of loving

<nowiki></nowiki>in the entrance to the labyrinth
<nowiki></nowiki>everyone is confused
<nowiki></nowiki>intoxicated in the forbidden dream

coming near reeling in the thread of my memory
in the dizziness, your breath changes colors
i should forget hearing your voice

<nowiki></nowiki>in the entrance to the labyrinth
<nowiki></nowiki>everyone loses their way
<nowiki></nowiki>chasing the forbidden dream
<nowiki></nowiki>coming out of the adventure of eternity

my tears have dried, what am i seeing?
i can see nothing
