Beneath the surreal sky
Boredom is choking my throat
I'm yawning over and over
Where is my heart shouting to?

I'm just talking to someone about

The graffiti on the wall
The crime's heartlessness
The sparkling star is falling down

This moment
This moment you will play and play
To eternity
To eternity you will dance and dance

The words are not changing
I wonder, will anyone wait?
I wonder if your words
Reach my ears

It may seem to be good
But there is nothing even on this day
But for whatever reason
I am viewing the sparkling dream

Live!
Live like how you love!
Enjoy it
Enjoy it to the point of the nail

In the middle of the road
You want to cry like a little dog
I wonder where my beloved god
Is loitering now

As long as I have my knees
I am waiting for the morning
If I look in your eyes
The sparkling star has fallen

This moment
This moment you will play and play
To eternity
To eternity you will dance and dance

Live!
Live how you love!
Enjoy it
Enjoy it to the point of the nail
