

# Ali Spagnola, What It Is

Fragile and unaffected  
Unaware and calculated  
Untouchable and burning  
Magnetic and influential

Can't break the rules  
Know how to fake the rules  
Feel it cause you believe it  
Follow like you're leading

And I'm trying to define what it is  
What it is  
What it is  
And I'm trying to define what it is  
What it is  
What it is

Pulls me in  
Makes you sin  
Soft skin and thin  
Is this evolution

Just work to be  
Not free and me  
Do you see  
A weak revolution

Can't break the rules  
Know how to fake the rules  
Feel it cause you believe it  
Follow like you're leading

And I'm trying to define what it is  
What it is  
What it is  
And I'm trying to define what it is  
What it is  
What it is

What it is  
What it is  
What it is

What it is  
What it is  
What it is

Can't break the rules  
Know how to fake the rules  
Feel it cause you believe it  
Follow like you're leading

And I'm trying to define what it is  
What it is  
What it is  
And I'm trying to define what it is  
What it is  
What it is
