

# Ali Tatyana, Love The Way You Love Me

Ali Tatyana  
Kiss The Sky  
Love The Way You Love Me  
Come here; I wanna tell you something.

I love it when touch with the feeling of romance.  
In the middle of the dance.  
I love the way you love me.  
Something about the magic of your kisses in the dark.  
All up in my heart.  
I love the way you love me.

I love the way, baby.

Talkin' about the love you give.  
Strong and yet sensitive.  
You take my breath away.  
I go crazy.  
When you touch me tenderly.  
Cuddle up next to me.  
I never felt this way.

When you pull me close I just wanna cry.  
Little tears of joy fall from my eyes.

Refrain.

I think I'm fallin'  
Hopelessly in love with you.  
Deeper than I wanted to.  
You fill me with desire.  
Hear me callin.  
Hungry for another kiss.  
Never tasted love like this.  
You set my soul afire.  
No one else can ever take your place.  
You're the reason for the smile on my face.

Refrain.

(I) Love the way you love me. Come on baby.  
x 8

I love the way...the way you love me.  
x 4

All these guys keep tryin' to get next to me  
But I'm not feelin' them you know what I mean?  
I am lookin' 'round for no one new.  
Baby, ain't no doubt..  
I wanna be with you!

Refrain x 2

(I) Love the way you love me. Come on baby.  
x 6
