

Alice Cooper, Ghouls Gone Wild

We're gonna have a bash
And we're glad you finally got here
'Cause we're already trashed
And the band is really hot here
We're gonna dance our heads off
And we're gonna keep it tight
If we keep ourselves together
We might make it through the night
Ghouls gone wild
Wilder than before
We've had a little taste
And now we need a little more
Ghouls gone wild
Screamin' in the night
We're feelin' kind of hungry
And we came in for a bite
Ghouls! (ooh wah ooh wah)
Ghouls! (ooh wah ooh wah)
We're gonna raise some hell
Yeah we're gonna rot 'n' roll here
And the sulfur that you smell
Well, it adds a little soul here
We're dancin' on your grave and we're dancin' in the street
We're dancin' through the fire and it's burnin' up our feet
Ghouls gone wild
Wilder than before
We've had a little taste
And now we need a little more
Ghouls gone wild
Screamin' in the night
We're feelin' kind of hungry
And we came in for a bite
Ghouls! (ooh wah ooh wah)
Ghouls! (ooh wah ooh wah)
So exciting
(You're delicious, you're delicious, you're delicious, so suspicious)
When we're biting
Come on and play
What do you say
Ghouls gone wild
Wilder than before
We've had a little taste
And now we need a little more
Ghouls gone wild
Screamin' in the night
We're feelin' kind of hungry
And we came in for a bite
Ghouls! (ooh wah ooh wah)
Ghouls! (ooh wah ooh wah)
Ghouls! Ghouls!
Ghouls! Ghouls!
Ghouls! Ghouls!
