

Alice Cooper, Gimme

I know all your desires
Your heart is so full of pain
Is there something I can provide
When you feel like life's passed you by

I'm on your side
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that

Please don't ask me my name
Does it matter I'm just here for you
Trust me just let yourself go
And that's all you need to know

I'm on your side
Sincerely
I'm your only friend
Yes I'm on your side
Sincerely

Don't you wish you had it all
Don't you deserve to have it all
Kneel down and tell me what you need

Fame and money all for you
I can make your every dream come true

Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that
Gimme this gimme that

Tell me whose more important than you
You're the apple of my ancient eyes
How could the world be so cruel
I'll make you my own precious jewel

I'm on your side
Sincerely
I'm the only one that cares
Yes I'm on your side
Sincerely

Don't you wish you had it all
Don't you deserve to have it all
Kneel down and tell me what you need

Fame and money all for you
I can make your every dream come true

There is one thing
I mean everything has a price
I really hate to repeat myself
But nothing's free

Yes I'm on your side
Sincerely
I'm the only one that cares
Oh I'm on your side
Sincerely

Don't you wish you had it all
Don't you deserve to have it all
Kneel down and tell me what you need

Don't you wish you had it all
Don't you deserve to have it all
Don't you wish you had it all
Don't you deserve to have it all
Kneel down and tell me what you need

Fame and money all for you
I can make your every dream come true
