

# Alice Cooper, Only My Heart Talking

Anybody's dream can fall apart  
Anybody's mask can break  
Couldn't tell you how I wanted you  
Enough to make you want to stay  
I never said the words out loud  
I guess I couldn't get'em straight  
Baby, give me one more chance  
Before you walk away  
It's only, only, only my heart talkin'  
Yeah, it's only, only, only my heart talkin'  
Saying things I never thought I'd say  
Can't you hear me knocking  
Tried to fool you but it wouldn't play  
Cuz my heart it's talkin', it's talkin'  
Baby, it's talkin'  
Talkin'to you  
Every time I take it to the edge  
Every time I'm so afraid  
Don't you know I cry my eyes out, babe  
Every time you look away  
Oh, I almost dropped a tear  
But I caught it just in time  
I'd say the things you want to hear  
If you'd help me, help me, help me try  
It's only, only, only my heart talkin'  
Yeah, it's only, only, only my heart talkin'  
Saying things I never thought I'd say  
Can't you hear me knockin'  
Tried to fool you but it wouldn't play  
Cuz my heart it's talkin', it's talkin'  
Baby, it's talkin'  
Talkin'to you  
Well, I don't want to hide away  
Hide away without you, baby  
Don't you go and run away  
Come on and help me, baby  
Just a little help, baby  
Oh, my little baby
