

# Alice In Chains, All Secrets Known

Broke, a new beginning  
Time, time to start living life  
Just before we die  
There's no going back to the place we started from  
Hurts, falling through fingers  
Trust, trust in the feeling  
There's something left inside  
There's no going back to the place we started from  
All secrets known  
Caught, all wounds are healing  
Strong, truth is worth saving  
I want to feel alive  
There's no going back to the place we started from  
All secrets known
