

Alice In Chains, Take her out

Here I am again
I feel time is draggin on
Aren't you getting tired of me?
Whinching overdrawn
Faceless, blind
Want to take her out again
She's not just mine
Want to take her out again
In a bodiless embrace
Thriving I have grown
Fickle changing grip replaced
Choking take it all
Faceless, blind
Want to take her out again
She's not just mine
Want to take her out again
Dedicated, true to form
Still the only one
Only guarantee
Continue after I am done
Faceless, blind
Want to take her out again
She's not just mine
Want to take her out again
