

# Alice In Chains, Take her out

Here I am again  
I feel time is draggin on  
Aren't you getting tired of me?  
Whinching overdrawn  
Faceless, blind  
Want to take her out again  
She's not just mine  
Want to take her out again  
In a bodiless embrace  
Thriving I have grown  
Fickle changing grip replaced  
Choking take it all  
Faceless, blind  
Want to take her out again  
She's not just mine  
Want to take her out again  
Dedicated, true to form  
Still the only one  
Only guarantee  
Continue after I am done  
Faceless, blind  
Want to take her out again  
She's not just mine  
Want to take her out again
