Alicia Keys, Golden Child

Da, dum Da, dum

Hello morning
Now I see you
'Cause I am awake
What was once so sweet and secure
Has turned out to be fake

Girl, you can't be scared
Gotta stand up strong
Let 'em see what⊡shines⊡n⊡you
Push aside the□part
Laying in your□heart
Like an ocean is deep, dark, and blue

You are a golden child You are a golden child

Golden sunshine's Peeking through the grayness of your mind Soon it will be in full view And rain won't stain your eyes
