

# Alicia Keys, Lesson Learned

He broke my heart  
And now it's raining just to rub it in  
I'm at your door  
I feel so crazy 'bout it  
You'll say, "I told you so", you saw it long ago  
You knew he had to go  
I finally came around, I'm back on solid ground  
Can't let it get me down  
It's alright, it's alright, it's alright  
It's alright, it's alright, it's alright  
Yes, I was burned but I called it a lesson learned  
Mistake overturned so I called it a lesson learned  
My soul has returned so I call it a lesson learned  
Another lesson learned  
Sometimes some lies  
Can take a minute to fully realize  
His tears, your eyes  
30 seconds to apologize  
You give it one more chance just like the time before  
But he already knows you'd give a hundred more  
Until that night in bed, you wake up in a sweat  
You're racing to the door, can't take it anymore  
I was burned but I called it a lesson learned  
Mistake overturned so I called it a lesson learned  
My soul has returned so I call it a lesson learned  
Another lesson learned  
A life perfect ain't perfect  
If you don't know what the struggle's for  
Falling down ain't falling down  
If you don't cry when you hit the floor  
It's called the past 'cause I'm getting past  
And I ain't nothing like I was before  
You oughta see me now  
Yes, I was burned but I called it a lesson learned  
Mistake overturned so I called it a lesson learned  
My soul has returned so I call it a lesson learned  
Another lesson learned  
Whoa, said yes, I was burned but I called it a lesson learned  
(It's alright, it's alright)  
Said mistake overturned so I called it a lesson learned  
(It's alright, it's alright)  
My soul has returned so I call it a lesson learned, oh lesson learned  
(It's alright, it's alright)  
Oh, lesson learned  
(It's alright, it's alright)  
It's alright, it's alright, it's alright  
It's alright, it's a lesson learned  
It's alright, it's alright, it's alright
