# Alicia Keys, Streets Of New York (City Life)

(feat. Nas, Rakim)

[Nas (Alicia Keys)]
Nasty, yeah, yeah (New York, New York)
Hey yo black it's time again, yeah, yeah
(New York, New York)
Come here, yeah, yeah
(New York, New York)
Hey yo black it's time

["yeah, yeah, hey yo black it's time" - continues throughout song]

## [Nas]

If you knew my streets

You would know all everybody talk about is who got beef

Who snitchin, who told police

Who came home, who still gone, who restin in peace

Now they killin over music money, not drugs, rap replaced it

Cause thugs with no brains got no patience

New jacks I pistol whip 'em with the funky rhythm I be kickin

Musician and flatten composition

A pain, I'm like Saddam Hussein

Still alive lookin at his dead children's burnt remains

I burnt the game, learnt you lames a new lesson

Your crew's soft man, ya'll need some new weapons

The P's breathe Warriorz and skullies and Timmies

Around mixed, spics, niggaz and giddies

From my ghetto kings in deep thought we don't blink

But don't think we wastin our time

It's a New York State of Mind

[Chorus #1 - Alicia Keys]

New York, New York, New York

New York City, whoa oh

New York, New York, New York

New York City, baby

#### [Alicia Keys]

It's like a jungle, out here

So much struggle, out here

And my dream's still unphased

Greed still the cousin of death

Always feels like always somethin farther time

In the Streets of New York

(New York state of mind, New York State of mind)

## [Alicia Keys]

All I see is street homes

And who it's holdin, our people

Only comforts the brain

It's like I'm going insane

The revolution has to start, don't waste no time

In the Streets of New York

(New York state of mind, New York state of mind)

C'mon

#### [Chorus #2 - Alicia Keys]

New York, New York, New York oh

State of mind (New York City)

New York, New York, New York oh

State of crime (New York City)

New York, New York, New York, New York oh

Big dreams (New York City)

New York, New York, New York, New York oh

#### Big schemes

[Alicia Keys]
Oh, break the game
Just ain't the same
Baby loves and girls with no shame
Can't get away (get away), epidemic plague
Every hood in every state
Don't have no reasons cause relieve is hard to find

[Break - Alicia Keys]
In the streets of New York (New York state of mind) - [4X]
["New York state of mind" is also repeated in background]
