

# Alicia Keys, That's How Strong My Love Is

Some people call me crazy  
For falling in love with you  
Then can take me and love, away baby  
Cause there is nothing else they can do  
I will be the rising moon and setting sun  
Just to let you know that you always have someone  
I will be the clearest day when the rain is done  
So you will always know  
Through a shake of an earthquake  
I will never fall  
That's how strong my love is  
Like a ship through the storm  
We can risk it all  
That's how strong my love is  
I use to feel kinda lonely  
Cause in our world it so fake  
No matter what I'm telling you  
It's me and you only  
And the fortunes of love we make  
I will be the one you need in the desert land  
Just to let you know you will always have my hand  
I will be the woman you need to be a better man  
So you will always know  
Through a shake of an earthquake  
I will never fall  
That's how strong my love is  
Like a ship through the storm  
We can risk it all  
That's how strong my love is  
Oh, can nothing break us down  
Oh, cause we are heaven bound  
Like the mountain standing tall  
And moving over here to stay  
Oh, can nothing get in the way  
Through a shake of an earthquake  
I will never fall(I will never fall)  
That's how strong my love is(that's how strong my love is)  
Like a ship through the storm  
We can risk it all(we can risk it all)  
That's how strong my love is(that love is)  
Through the deepest water  
I'll never let you drown  
That's how strong my love is  
Like the moon in the sky  
That it would never come down  
That's how strong my love is  
That's how strong my love is  
That's how strong my love is
