

# Alicia Keys, You Give Me Butterflies

Lately when I look into your eyes  
You're the only one I need in my life  
Baby I just don't know how to describe  
How lovely you make me feel inside

You give me butterflies  
Got me flying so high in the sky  
I can't control the butterflies  
You give me butterflies  
Got me flying so high in the sky  
I can't control the butterflies

This seemed like the likely thing  
From the start you told me I would be your queen  
But never had I imagined such a feeling  
Joy is what you bring  
I want to give you everything

You give me butterflies  
Got me flying so high in the sky  
I can't control the butterflies  
You give me butterflies  
Got me flying so high in the sky  
I can't control these butterflies  
You and I  
Are destiny  
I know now  
You were made for me

Ohhh oooo  
I can't control it  
It's driving me  
Taking over me and I want.

You give me butterflies  
Got me flying so high in the sky  
I can't control the butterflies  
You give me butterflies  
Got me flying so high in the sky  
I can't control the butterflies

You give me butterflies  
Got me flying so high in the sky  
I can't control, I can't control it  
You give me butterflies  
Got me flying so high in the sky  
I can't control the butterflies

You give me something I just can't deny  
Something that is so real  
I just can't control the way I feel  
Oh no oh no oh no oh no  
You give me something that I just can't deny  
Something that is so real  
I just can't control the way I feel  
Ohh I never felt like this
