

Alicja Ruchała, No Longer Want You

I No Longer Want You
Say that you love me
I No Longer Want You
I don't need you enough

I don't want you
You love me now
But it's too late
I can turn back
I believe you
You freed me last
I don't know what you want right now
You're a thief and just stole my heart
Like a .. that came into night
I don't want you
Coz you have the chance
And now you come to me

I No Longer Want You
Say that you love me
I No Longer Want You
I don't need you enough

I don't need you enough
And I don't know why
But I've moving on with my life
I forget about you
So: Goodbye
You will never find me now

Say that you love me

In the morning you wake
I began
And the sun is shining on me

I No Longer Want You
Say that you love me
I No Longer Want You
I don't need you enough
