

Alien Ant Farm, Summer

So you finally fessed up to her
All the lies you said
Now you kindly kiss up to her
But the feeling dead
Several days have passed now
Darker than any damn cloud now
Liquid sunshine falls down
Harder than all the damn hounds
Tried to give you summer, but I winter
Wish I could make you spring, but I fall so hard X2
So you always did what you wanted
We will be on our own
I will soon let you go now
Things will be all right
Several weeks have passed now
Grayer than any gray cloud
Several weeks have passed now
And it so hard
Tried to give you summer, but I winter
Wish I could make you spring, but I fall so hard X2
And it so hard to get out of bed X3
She impossible to get out of your head
Tried to give you summer X3 TRYED TO GIVE YOU SOMETHING
Wish I could make you spring X3 SPRING SPRING TIME
TRIED TO GIVE YOU SUMMER BUT IM WINTER
WISH I COULD MAKE YOU SPRING.
