

# Alih Jey, It's O.K.

I saw your face and I could tell  
You were hiding from me  
What is it? It's O, K., you can tell me, it's O.K.  
Excuse me, you need more space?  
What kind of space? Don't turn your face  
Well, that's a relief 'coz you know something?  
It's O.K.  
You don't have to look back  
I don't need you to come back, I'm fine  
Don't be wasting your time on me  
Go, it's O.K.  
You don't have to stay  
(I don't need you to stay)  
It's O.K., I don't need you around  
'Coz for me, you're ten feet underground  
I don't need you beside me, just go  
It's O.K. you can go away  
I don't need you to stay  
I know  
You love me so but you have to let me go  
Well, I'll give you your damn space! O.K.  
Trust me, I'm not crying  
It's just that my eyes are a little irritated from the sighin'  
'Coz you're flyin' and I'm dyin'  
(I just feel I really need to say this)  
It's O.K.  
You don't have to look back  
I don't need you to come back, I'm fine  
Don't be wasting your time on me  
Go, it's O.K.  
You don't have to stay  
(I don't need you to stay)  
It's O.K., I don't need you around  
'Coz for me, you're ten feet underground  
I don't need you beside me, just go  
It's O.K. you can go away  
I don't need you to stay  
If you feel alone and feel like coming home  
Don't be wasting my time  
You'll be reachin' for my hand and I'll make you understand  
One day, this'll blow up in your face, Mr. "I need more space"  
You'll be last in the race!  
(Don't get caught in my way, I have two words to say)  
It's O.K.  
You don't have to look back  
I don't need you to come back, I'm fine  
Don't be wasting your time on me  
Go, it's O.K.  
You don't have to stay  
(I don't need you to stay)  
It's O.K., I don't need you around  
'Coz for me, you're ten feet underground  
I don't need you beside me, just go  
It's O.K. you can go away  
I don't need you to stay  
It's O.K., it's O.K.  
I don't need you to stay  
It's O.K., it's O.K.  
No, I don't need you here  
I don't need you to stay
