

Alisha's Attic, Outta These Clouds

I'm driving out of control
You said something, hurt me real bad
And I'll drive till I feel better
And I'll play my radio, my radio real loud!
And I'll keep driving
Till I drive Outta These Clouds
Outta These Clouds

(oooooooo, ooo, ooooooooo, ooo)

I'm flying, just trying to keep the wind behind me
Coz I said I'd never (never), let you get me
No, you'll never make me blue again
Now I'm finally off the ground

I'll keep flying
Till I fly Outta These Clouds
Outta These Clouds

(oooooooo, ooo, ooooooooo, ooo)
(oooooooo, ooo, ooooooooo, ooo)

Yeah, yeah, yeah, yeaah
Yeah, yeah, yeah, yeaah
Yeah, yeah, yeah, yeaah
