

# Alisha's Attic, Pilot

I've had it with swimming, my feet get too wet  
The waters too cold, I am out of my depth  
I've had it with driving, around in big circles  
There's too many like me, I'm not individual

So I'll take a rocket to fly  
And you can be pilot  
Yeah, you can be pilot  
Ahh I'll find a U-FO to fly  
And you can be pilot  
Would you like to be pilot?

I've given up walking, I got too frustrated  
I couldn't get off the ground  
I tried locomotives, they keep breaking down  
There's way too much smoke, it gets into my lungs

So I'll take a rocket to fly  
And you can be pilot  
Yeah, you can be pilot  
Ahh I'll find a U-FO to fly  
And you can be pilot  
Would you like to be pilot?

(Ahh)

So I'll take a rocket to fly  
And you can be pilot  
Yeah, you can be pilot  
Ahh I'll find a U-FO to fly  
And you can be pilot  
Would you like to be pilot?

Yeah you can be pilot  
Would you like to be pilot

Yeah you can be pilot  
Would you like to be pilot

(repeat to fade)
