

Alison Krauss, Let me touch you for a while

It's been a long time coming
As your shedding on some tears
Now your in a wonderama
I wonder what your doing here
The flame no longer flickers
Your feeling just like a fool
You keep staring into your liquor
Wondering what to do
I don' t hardly know you
But I'd be willing to show you
I know a way to make you smile
Let me touch you for a while
I'm gonna ruin my black mascara
Your drinking whiskey when it should be wine
You keep looking into that mirror
But to me your looking really fine
I don' t hardly know you
But I'd be willing to show you
I know a way to make you laugh at that cowgirl
As she's walking at your door
I know a way to make you smile
Just let me whisper things you've never heard before
Just let me touch you baby
Just let me touch you for a while
I don' t hardly know you
But I'd be willing to show you
I know a way to make you smile
It's been a long time
Let me touch you for a while
