

# Alison Moyet, Honey For The Bees

Here I am and I want you to see baby  
I wanna watch you watching me in motion  
To taste the secret side of me  
Every time I look at you I know  
Your fighting your emotions  
Now you have no choice but to let go  
And dive into my ocean

Honey for the bees  
Sugar never was so sweet  
Honey for the bees  
Sugar never was so sweet

Hold my hand I'm going to set you free baby  
I'm going to let you fly all over me  
Show me a lock and I'll show you the key  
Every time you feel like holding back  
I'm gonna pull you deeper  
Always staring from the beaten track  
And I would be the reaper

Honey for the bees  
Sugar never was so sweet  
Honey for the bees  
Sugar never was so sweet

Sugar never was sweeter  
Sugar  
Every time I look at you I know  
Your fighting your emotions  
Now you have no choice but to let go  
And dive into my ocean
