

Alison Wonderland, New Day

Giving you my best
I know I got problems but I'm making all the bets
I'm better than the rest
Got those shiny diamonds in my hand

Cause I'm in love
With a new day, with a new day
I'm in love
With a new day, with a new day

New day
New day

Look me in the eye
Tell me all the things that you've been hiding in your life
We all reaching too high
But it's better than nothing at all

Cause I'm in love
With a new day, with a new day
I'm in love
With a new day, with a new day

New day
New day
New day

Ahhh, with a new, with a new day, I'm in love
With a new day, with a new day
I'm in love
