

# Alkaline Trio, Cooking Wine

Sorry I'm late  
I was out spoiling my liver  
I couldn't wait  
The sun was up for far too long today  
And I can't see straight  
But the two of you look awfully pretty  
And I couldn't wait  
I've been awake for far too long today

And is it strong enough  
To burn away the cooking wine?  
And I'm just tired enough  
If I closed my eyes I'll sleep for days  
I'll sleep for days

Sorry I'm late  
I was out spoiling my liver  
I couldn't wait  
The sun was up for far too long today  
And I can't see straight  
But the two of you look awfully pretty  
You're fucking beautiful

And is it strong enough  
To burn away the cooking wine?  
And I'm just tired enough  
If I closed my eyes I'll sleep for days  
I'll sleep for days
