Alkaline Trio, Lucretia My Reflection

[Originally by The Sisters Of Mercy]

I hear the roar of a big machine Two worlds and in between Hot metal and methedrine I hear empire down I hear empire down

I hear the roar of a big machine Two worlds and in between Love lost, fire at will Dum-dum bullets and shoot to kill, I hear Dive, bombers, and Empire down Empire down

I hear the sons of the city and the dispossessed Get down, get undressed Get pretty but you and me, We got the kingdom, we got the key We got the empire, now as then We don't doubt, we don't take direction Lucretia, my reflection, dance the ghost with me...

We look hard We look through We look hard to see for real Such things I hear, they don't make sense I don't see much evidence I don't feel I don't feel I don't feel I don't feel

A long train held up page on page A hard reign held up by rage Once a railroad Now it's done...

I hear the roar of a big machine Two worlds and in between Hot metal and methedrine I hear empire down...

We got the empire, now as then We don't doubt, we don't take reflection Lucretia, my direction, dance the ghost with me...
