Alkaline Trio, Sleepy head

ALKALINE TRIO Miscellaneous Sleepy head All you've been asking for's been placed in front of you The headaches, the shaking, The boredom the boardroom brings You're scratching at itching brought by the spiders beneath your skin The answer in question is over before it begins Hey there sleepy smile, I see you've brought your bedroom eyes Not assuming you wanna keep 'em, I'm assuming you reckon you won't All you've been asking for's been placed in front of you The headaches, the shaking, The boredom the boardroom brings You're scratching at itching brought by the spiders beneath your skin The answer in question is over before it begins Hey there sleepy smile, I see you've brought your bedroom eyes Not assuming you wanna keep 'em,

It's raining flames
Earth to sleepy smile,
Where'd you take those bedroom eyes?
Not assuming you wanna keep 'em,
