

# Alkaline Trio, While You're Waiting

There's a hope in my head  
That's been cut and bled  
Dry as your bloodshot eyes  
And there's smoke in the air  
And it's soon to clear  
Revealing our demise  
There are some who say  
That it's a-okay  
If it makes you feel alright  
It's just way too bad  
Now you're worse than sad  
All locked up there inside

And I don't know how you feel  
But I'll make you a deal  
If you make it out alive  
My shoulders and ears  
Are all yours my dear  
I hope it comes as no surprise  
You've been known to say  
That you're a-okay  
When you're feeling sick inside  
I just want you to know  
I got no place to go  
Until the day you die

While you're waiting  
Be thankful for your fingers  
I'll be fading  
With the colors of your pictures  
"I'm not crying wolf," you whisper,  
"I'm really dead this time...  
I'm really dead this time"

There's a hope in my head  
That's been cut and bled  
Dry as your bloodshot eyes  
And there's smoke in the air  
And it's soon to clear  
Revealing our demise  
You've been known to say  
That you're a-okay  
When you're feeling dead inside  
I just want you to know  
I got no place to go  
Until the day you die

While you're waiting,  
Be thankful for your fingers,  
I'll be fading  
With the colors of your pictures  
"I'm not crying wolf," you whisper,  
"I'm really dead this time...  
I'm really dead this time"

They locked you up  
They threw away the key  
Sutured your mouth shut  
Murdered your family  
Right before your eyes  
What could you do?  
Right before your eyes  
They took it all from you

Your contemplating  
You hanging from your ceiling  
Can't help hating  
You for having that feeling  
I'm not joking when I tell you  
I'd miss you all the time  
I already miss you all the time
