

# All-4-One, I Luv That Girl

Verse

I've been feeling like, this girl just might be the one,  
Cause she got my heart on lock, like the warden of a prison,  
And every time we touch, I just get all warm inside,  
I'm so glad she's mine, listen and I'll tell U why,

Hook

Cause, I luv the way she moves, she grooves,  
Her shoes, she's smooth,  
I luv her hair, her teeth, her nails, her feet,  
I luv her laugh, her cry, her lips, her eyes,  
she's my future, my world,  
AND I LUV THAT GIRL

Verse

She's my only drug, a kiss from her and i'm all strung out,  
No need for getting help, cause I know I'm way past that now,  
I tell her every day, U won't ever get rid of me,  
Cause she's got me so open, I ask her for permission 2 breath,

Hook

Cause, I luv the way she moves, she grooves,  
Her shoes, she's smooth,  
I luv her hair, her teeth, her nails, her feet,  
I luv her laugh, her cry, her lips, her eyes,  
she's my future, my world,  
AND I LUV THAT GIRL

Bridge

I'm gonna be with her until the day we're both old and gray,  
And even after that she's still gonna be with me,  
And if I never see nobody else that's alright with me,  
Cause she's the only one that I need

I luv her hair, her teeth, her nails, her feet,  
I luv her laugh, her cry, her lips, her eyes,
