

All-4-One, If You Want Me

All-4-One

On & On

If You Want Me

I've never felt this way before

Girl everytime i see you

My heart hit the floor yea

So beautiful what can i say

You're my sunshine on a cloudy day

You have everything i need

And there is nothing more

That i could ever want

If your love is for sure

Girl i wantcha all the time

I keep giving you all the signs

Oh i just really need to know

If you want me baby let me know and

If you need me then you got to

Let your love show

When you do what you do

I can't help loving you

Girl you need to let me

What's goin' on? what's goin on?

I need to know what's on you mind

Cuz you know i'd do anything

To make you mine

I wanna be the only one

To keep you feelin' good all the time

Well you can tell me anything

And i will be alright

But girl just stop pretending

I can't live a lie

But, girl you put me on this high

And i hope you realize

That i only wanna be your man

If you want me baby let me know and

If you need me then you got to

Let your love show

When you do what you do

I can't help loving you

Girl you need to let me

What's goin' on? what's goin on?

If you want me baby let me know and

If you need me then you got to

Let your love show

When you do what you do

I can't help loving you

Girl you need to let me

What's goin' on? what's goin on?

If only you take this chance i promise you

I won't let you down

Girl i (girl!), i could be there for you

If you want me

Gotta tell me what's goin on

If you want me baby let me know and

If you need me then you got to

Let your love show

When you do what you do

I can't help loving you
Girl you need to let me
What's goin' on? what's goin on?

If you want me baby let me know and
If you need me then you got to
Let your love show
When you do what you do
I can't help loving you
Girl you need to let me
What's goin' on? what's goin on?

If you want me baby let me know and
If you need me then you got to
Let your love show
When you do what you do
I can't help loving you
Girl you need to let me
What's goin' on? what's goin on?
