

# All Saints, Bootie Call

Bring it on, bring it, bring it on now  
Bring it on, bring it, bring it on now  
Bring it on, bring it, bring it on now  
Bring it on, bring it, bring it on now  
Bring it on, bring it, bring it on now  
Bring it on, bring it, bring it on now  
Bring it on, bring it, bring it on now  
Bring it on, bring it, bring it on now

Never stop giving good love  
Cos that's why I call you for  
(yo, whats up, baby?)  
Never stop, baby, give it up  
Cos I know where it came from - you got more

I like playing games  
And if it's all the same,  
You could bring it on with the rough stuff  
And give me your love - I don't wanna be tamed

I need a man to be a real man  
In order what I got in store,  
Always finish what you start baby  
And always having me beg for more,

You know I wanna be diggy down, boy  
but I don't get around,  
Jimmy has to ride in your pocket or lock him in your wallet,  
It's just a bootie call

Bring it on, bring it, bring it on now (its a bootie call)  
Bring it on, bring it, bring it on now (its just a bootie call)  
Bring it on, bring it, bring it on now (its a bootie call)  
Bring it on, bring it, bring it on now (its just a bootie call)

Bring it on, bring it, bring it on now [ x2]

I'm keen on what you is baby  
Names are always good to have  
You never let me down [Mel & Shaz]  
I'm always happy when you make me laugh  
But don't try to find

This heart of mine  
Emotions, they'll come into my head, so don't be misled  
My heart doesn't need to be bled  
Aren't we trying to be smart baby?

Don't need the rollercoaster ride  
I've been it, seen it and done it all yeah, yeah [Nat & Shaz]  
Don't want you messing with my mind

So don't be a fool  
Keep this as your number one rule [Shaz & Mel]

Good loving is not always from the heart  
You gotta be smart  
Ha ha  
Stay just the way you are

It's just a bootie call (It's a bootie call)  
It's just a bootie call (It's a bootie call)  
It's just a bootie call

Bring it on, bring it, bring it on now (its a bootie call)  
Bring it on, bring it, bring it on now (its just a bootie call)  
Bring it on, bring it, bring it on now (its a bootie call)  
Bring it on, bring it, bring it on now  
It's just a bootie call

It's a bootie call, it's a bootie call  
It's a bootie, it's a bootie call  
It's a bootie call, it's a bootie call  
It's a bootie, it's a bootie call

Please hang up and try you call again  
Please hang up now  
This is a re-recording
