

# All Saints, Chick Fit

[1st verse:]

Boy I can't stand your heat  
Got me lying awake  
I haven't eaten all week  
Got me obsessing all day  
Oh what you done to me  
Can't stop calling your name  
Check me I'm acting all weird

[Bridge:]

All my girls say boy I'm totally gone  
Acting crazy I don't know what I'm on  
It's not easy tryin'a put on a front  
Baby I'm speechless I don't know what you've done

[Chorus:]

Boy whenever you call my stomach's in bits  
I can't focus at all your got me twisted  
I live for that talk when you call me your chick  
Just so all the girls know I gotcha for keeps  
My coolness is blown I need my fix  
In a matter of days I'm not myself  
I'm all over the place I get a chick fit  
When I hear your name I totally flip

[2nd verse:]

Boy you're too hot for me  
Can't stop melting away  
When I see you I can't speak  
Switching when I see your face  
Acting like I'm a teen  
Waiting outside your place  
Boy this is really not me

[Bridge:]

All my girls say boy I'm totally gone...

[Chorus]

[M8:]

Completely lost my mind  
Something's taken over me  
Boy you're one of a kind  
Just how a man's s'posed to be  
Acting like I'm a teen  
Calling you every day  
Boy this is really not me

[Bridge:]

All my girls say boy I'm totally gone...

[Chorus x2]
