

All Saints, Inside

Written by Blatt/Gordon/Lewis

Clap your hands if I say you what
Clap your hands if I say you jump
Clap your hands if I say you what
Clap your hands if I say you jump
Clap your hands if I say you what
Clap your hands if I say you jump
Clap your hands if I say you what
Come on
Come on

I know I know I have far to go
Then I have to much to learn
Now it's down to fame
But I just can't wait (I just can't wait)
To find what I've been searching for

I tried to ask my mother
I tried to ask my father
I tried to ask my lover
I couldn't ask no other
No need to look upon others
It's for me to discover
I'm not looking any further
I think I've found the answer

Drive the love around
Searchin for the sound
When I realised
It was all inside
Showin me the way
To my destiny
Now I realise
It comes from inside

Just thinkin about
Lessons in life
How they're sometimes hard to learn
Mistake after mistake
Thought it was too late
So I turned my world around

I tried to ask my mother
I tried to ask my father
I tried to ask my lover
I couldn't ask no other
No need to look upon others
It's for me to discover
I'm not looking any further
I think I've found the answer

Drive the love around
Searchin for the sound
When I realised
It was all inside
Showin me the way
To my destiny
Now I realise
It comes from inside

Come inside
Do you wanna come inside?
Come inside

Do you wanna come inside?

Time to find
What's inside
Time to turn it out
What is everybody talkin about
Sometimes situations seem right
And I know I'm gonna be a-a-alright

Drive the love around
Searchin for the sound
When I realised
It was all inside
Showin me the way
To my destiny
Now I realise
It comes from inside

Drive the love around
Searchin for the sound
When I realised
It was all inside
Showin me the way
To my destiny
Now I realise
It comes from inside

Clap your hands if I say you what
Clap your hands if I say you jump
Clap your hands if I say you what
Come on
Come on
Clap your hands if I say you what
Clap your hands if I say you jump
Clap your hands if I say you what
Come on
Come on
Clap your hands if I say you what
Clap your hands if I say you jump
Clap your hands if I say you what
Come on
Come on

All around
For a sound
Showin me the way
To my destiny
Now I realise
It comes from inside
