

# All Saints, Under The Bridge

Sometimes I feel like I don't have a partner  
Sometimes I feel like my only friend  
Is the city I live in - the city of cities  
Lonely as I am, together we cry we cry we cry

I don't ever want to feel like I did that day  
Take me to the place I love - take me all the way  
I don't ever want to feel like I did that day  
Take me to the place I love - take me all the way

I drive on the streets, 'cos he's my companion  
I walk through his fields, 'cos he knows who I am  
He sees my good day, then he kisses me windy  
I never worry - now that's a lie

I don't ever want to feel like I did that day  
Take me to the place I love - take me all the way  
I don't ever want to feel like I did that day  
Take me to the place I love - take me all the way

1 time, 2 times, 3 times, 4 times

It's hard to believe there's nobody out there  
It's hard to believe that I'm all alone  
At least I have his love - the city he loves me  
Lonely as I am, together we cry

I don't ever want to feel like I did that day  
Take me to the place I love - take me all the way  
I don't ever want to feel like I did that day  
Take me to the place I love - take me all the way

I don't ever want to feel like I did that day  
Take me to the place I love - take me all the way  
I don't ever want to feel like I did that day  
Take me to the place I love - take me all the way

All the way [x6]
