

All Saints, Whoppin' Over You

I'm into something
Something way really cool
Mr DJ's got me started
I got my eyes set on you

I feel fine
The dancefloor is mine
I move into the DJ playing beats
Watch me, move my body
You feelin' like you wanna leave yourself

I got my boots on
I'm feeling mighty strong
As I ride all upon you
Baby bring it on
How you diggin' that?
Do you like my cowboy hat?
I dance like a kitty-cat
Yo, this beat's flat

Wanna come along for the ride
Cos I know that its good love.
You got me whoopin' over you
If you wanna let me drive,
Its alright, cos it's good love
You got me whoopin' over you
Let me tell you something,
You know you got me whoopin' over you
(You got me whoopin')
You got me whoopin' over you

I'm completely different
A funk diva on the floor
I'm not quite like the other girls
Now I want you even more
Good or bad to the bone

Its where you wanna be
Can you feel it in your feet
How you diggin' that?
Do you like my cowboy hat?
I dance like a kitty-cat
Yo, this beat's flat

Wanna come along for the ride
Cos I know that its good love.
You got me whoopin' over you
If you wanna let me drive,
Its alright, cos it's good love
You got me whoopin' over you
Let me tell you something,
You know you got me whoopin' over you
(You got me whoopin')
You got me whoopin' over you

Say what, say what
Na na now
Say what, say what
Na na now
Say what, say what
Say what, Na na now
Say what, say what
Na na now

I got my boots on
I'm feeling mighty strong
As I ride all upon you
Baby bring it on
How you diggin' that?
Do you like my cowboy hat?
I dance like a kitty-cat
Yo, this beat's flat

Wanna come along for the ride
Cos I know that its good love.
You got me whoopin' over you
If you wanna let me drive,
Its alright, cos it's good love
You got me whoopin' over you
Let me tell you something,
You know you got me whoopin' over you
(You got me whoopin' over you)
You got me whoopin' over you
You got me whoopin' over you
(You got me whoopin' over you)
You got me whoopin' over you
