All That Remains, Follow

And I see Nothing I can do Would change this now This last caress I'll cherish forever And if I could I would kiss All your tears away This emptiness Can only bring sorrow If you leave I will follow Wherever you go I will be there for you I believe That our destinies Were entwined Now I see that my Fate's been decided How I hope that In some way you'll Remember me Can't you see that I'd Lay down my life for you
