

All Time Low, Hit The Lights

I'm sitting here wishing for something that's missing
I'm waiting for you to tell me
that time keeps on passing
I'm hoping, I'm asking
to stand by your side
at least for tonight

let's follow through with this reckless dream
that's tearing me up inside
and all the time we've been so innocent

So don't you go I've got you where I want you
and I'm never letting go
hit the lights we'll be all right
tonight our dreams come true

now lets take our chances
please give me your answer
it's all up to you so please take me away
we've waited for so long
I can't say it feels wrong to close my eyes
when all I see is you

let's follow through with this reckless dream
it's tearing me up inside
and all the time we'll make it seem
like we have nothing to hide nothing to hide

So don't you go I've got you where I want you
and I'm never letting go
hit the lights we'll be all right
tonight our dreams come true [x3]
