

# All Time Low, Holly (Would You Turn Me On)

When you gonna give it up  
You're giving me such a rush  
Come on Holly, would you turn me on

When you gonna give it up  
You're giving me such a rush  
Come on Holly, would you turn me on

You are  
The taste of somethin' sweet  
And I'm tangled in the sheets  
You left  
Your mark dragged down my back  
So chain me up  
I'm in too deep  
Too much of you is never enough

When you gonna give it up  
You're giving me such a rush  
Come on Holly, would you turn me on  
Just another pretty face  
But I want one more taste  
Come on Holly, would you turn me on

Just one fix  
To keep me in the mix  
And I'm still strung out on you  
Drove all night  
I'm the deer in your headlights  
What's left of me  
You'll swallow soon  
Too much of you is never enough

So when you gonna give it up  
You're giving me such a rush  
Come on Holly, would you turn me on  
Just another pretty face  
But I want one more taste  
Come on Holly, would you turn me on

You took what you wanted  
You got it  
You know it  
I'm haunted by everything  
That you gave me  
You made me  
You broke me  
You saved me  
I'm crazy but I'm not done

So when you gonna give it up  
You're giving me such a rush  
Come on Holly, would you turn me on  
Just another pretty face  
But I want one more taste  
Come on Holly, would you turn me on

When you gonna give it up  
You're giving me such a rush  
Come on Holly, would you turn me on  
Just another pretty face  
But I want one more taste  
Come on Holly, would you turn me on
