

# All Time Low, Toxic Valentine

She's got a target painted on her back  
And keeps a list of the qualities a good girl lacks  
She bites her lip and tips her bottle  
I take a drink 'cause the truth is hard to swallow, oh  
Sex and white lies  
Handcuffs and alibis  
She lays her halo on the pillow as she sleeps  
Her heart beats red wine  
My toxic valentine  
Lays her halo on the pillow that used to be mine  
Oh, oh  
I live a lifestyle full of first impressions  
I've got my hands full of unhealthy obsessions  
She bites my lip  
I'm sure to follow  
We take a drink to the guilty and the hollowed  
Oh, oh, oh, oh, oh, oh, oh  
Sex and white lies  
Handcuffs and alibis  
She lays her halo on the pillow as she sleeps  
Her heart beats red wine  
My toxic valentine  
Lays her halo on the pillow that used to be mine  
Oh, oh  
My toxic valentine  
Oh, oh  
My toxic valentine  
'Cause I'm not the type to forget  
Or to bury my head  
Just take off your wings  
They could never get you quite as high as I did  
And you know it  
Sex and white lies  
Handcuffs and alibis  
She lays her halo on the pillow as she sleeps  
Her heart beats red wine  
My toxic valentine  
Lays her halo on the pillow that used to be  
Sex and white lies  
Handcuffs and alibis  
She lays her halo on the pillow as she sleeps  
Her heart beats red wine  
My toxic valentine  
My toxic valentine  
Lays her halo on the pillow that used to be  
She lays her halo on the pillow that used to be mine
