

Allen Anthony, You

Your touching me
I'm kissing you
Now close your eyes imagine what I'm gonna do
Gonna make you sweat
Your so soft and wet ah
Your the best I just can't wait to get inside of you
Damn your bodys are like nobodys
Let me tease your body down and all around your body
Come with me
Lets feel ecstasy
Give it to me cuz
[Chorus]
I only wanna get somewhere with you
Baby you
Babe oooh
Babe
I only wanna get somewhere with you
Baby you
Babe oooh
Babe
When you let me
Use my tongue
You start to moan you rhythm turns into emotion
Every word I say
Is a calculated move
Get inside of
Swimming deep within your motion
Damn your bodys are like nobodys
Let me work your body up and down don't hurt nobody
Come with me
Please believe
I will set you free
Yeah, yeah, yeah
[Chorus]
Sexuality is
One on one
Spend some time with me lets
Have some fun
Let me know
What you want
What you need
I'm here to please
Baby I'm here to please yeah yeah yeah
[Chorus x 2]
Woah woah woah
