Dust it off, break it down
Get to what we're talking about
To what we're talking about
Don't try and hide it now
You can't keep working it out
You can't keep working it out
'Cause I see how he's putting you down
I just can't be around
What you doing this for?
'Cause the light in you is starting to fade
Don't let it get away
Girl, you're worth so much more
Don't waste the pretty on him
Don't waste the pretty on pain
When it gets too much to take, don't give it away
Don't waste the pretty on life
Soon it's gonna fly on by
Whatever way you gotta say it
Don't waste the pretty, yeah
Sit back and breathe it in
Look at how lucky we are
Just look how lucky we are
This life we're living in
You've got to follow your heart
You know I'm never too far
Away from the pain in your eyes
I can see your disguise
But it's not too late
'Cause I know you can turn this around
Don't be scared, work it out
Listen when I say
Don't waste the pretty on him
Don't waste the pretty on pain
When it gets too much to take, don't give it away
Don't waste the pretty on life
Soon it's gonna fly on by
Whatever way you gotta say it
Don't waste the pretty, yeah
And just in case you need reminding
Well you're beautiful, beautiful, beautiful
'Cause you're beautiful, beautiful, beautiful, yeah
Don't waste the pretty on him
Don't waste the pretty on pain
When it gets too much to take, don't give it away
Don't waste the pretty on life
Soon it's gonna fly on by
Whatever way you gotta say it
Don't waste the pretty, yeah
