

# Allison Moorer, Bully Jones

When my liquor cabinet is empty  
And the local package store is closed  
I am paid a visit by an enemy  
And the s.o.b. goes by bully jones  
He loves showing up out of nowhere  
And getting under my skin  
The sad thing is he's going to stay there  
If I don't score again

Bully Jones Bully Jones Bully Jones  
Someday I'm gonna beat him  
He'll kill me if I don't  
But until I can defeat him  
I'll keep on getting stoned  
Bully Jones Bully Jones Bully Jones

Big bad dude sure ain't very pretty  
His ugly is awfully hard to take  
He looks just like a cold turkey  
With a real bad case of the shakes  
He don't pick on men his own size  
He knows he can't win with those  
He likes us pale and sick guys  
Who are only skin and bones

Bully Jones Bully Jones Bully Jones  
Someday I'm gonna beat him  
He'll kill me if I don't  
But until I can defeat him  
I'll keep on getting stoned  
Bully Jones Bully Jones Bully Jones

I got some good friends who tie off  
And some who tie one on  
And just like me they have all lost  
The fight with bully jones

Bully Jones Bully Jones Bully Jones  
Someday I'm gonna beat him  
He'll kill me if I don't  
But until I can defeat him  
I'll keep on getting stoned
