

Allister, Know It All

Well you think you know it all
You think that you deserve the best
Well I've got news for you
Your bullshit smile can't pass this test

Because there's something that I've wanted to say
I've wanted to say to you
I've been waiting to say to you for so long

This time I'm ready, I'm ready for something new
This time I'm ready, I'm ready for something new

Now I'm sick of listening to your whining and your cries
'Cuz you may have found success
But you're still living out a lie

And now I can't wait for the day
That you will burn out and fade away
You'll burn out and fade away from the world

This time I'm ready, I'm ready for something new
This time I'm ready, I'm ready for something new

I cannot understand your superficial views
But I can understand I can't take much more of you

Fuck you, I'm ready, I'm ready for something new
Fuck you, I'm ready, I'm ready for something new
