

Allstars, Funky

Who got the funky, who got the funky,
who got the funky to I'm not the boogie. (x2)
Hey you, you can't sit around,
You gotta get up there's a party going on.
Hey you, I'll show you how
You gotta get on, get up and get out now.
Hey you, don't you know,
You gotta let go, to get no-no boy.
Hey you, know what to do,
Loud and clear, and you're coming down.

Bridge

You gotta dance to the limit,
and live life to the max,
Shakin' it down to the floor.
Ooh baby, beats per minute,
make your body react,
That's what the boogie is for.

Chorus

Get on it: wam (wam), bam (bam),
Spreadin' the jam round the party,
Lets make it happen tonight (tonight).
We've got it so (so), high (high),
Mixin' it up in the meltin' pot.
Everybody (hoo), grab somebody (hoo)
Everybody, get funky right.
Who got the funky, who got the funky,
who got the funky to I'm not the boogie. (x2)
Hey you, no time to chill,
Let your heart and soul do your body's will.
Hey you, it's time to go,
Let no-one say: 'I told you so.'
Hey you, try a new funk.
Move your ass to the party pump.
Hey you, give it to the sound,
Get on a good life, spread it around.
