

# Allstars, Out Of Sync

When I feel so cold  
But it should be warm  
And it seems like night  
But I think its morning  
When my insides out  
And my upsides down  
Maybe I'm asleep and we've all been dreaming  
Doesn't make sense what's going on  
Everything seems to be going wrong  
We're out of sync  
(out of sync, out of sync, out of sync, out of sync)  
We're on the brink  
(out of sync, out of sync, out of sync, out of sync)  
Must be a jinx  
(out of sync, out of sync, out of sync, out of sync)  
No out of sync  
(out of sync, out of sync, out of sync, out of sync)  
We're running so fast  
We better be going so slow  
And we listen you speak  
Cause your mouth ain't moving  
Time's going mad  
And my mind has gone crazy  
And I'm sure I have sung  
This song already  
Doesn't make sense what's going on  
Everything seems to be going wrong  
We're out of sync  
(out of sync, out of sync, out of sync, out of sync)  
We're on the brink  
(out of sync, out of sync, out of sync, out of sync)  
Must be a jinx  
(out of sync, out of sync, out of sync, out of sync)  
No out of sync  
(out of sync, out of sync, out of sync, out of sync)
