What Is Love?

Caught between two love affairs
I brush my teeth and comb my hair
My lonely neighbour called today
And asked me, has he gone away

I lied to her like I lied to him
I lie to myself about everything

Love, what is love?
Love, what is love?

Love is a time
Love is a place
Love is a season
Love is a case of love

Love is a time
Love is a place
Love is a season
Love is a case of love

And so my life repeats itself
Like rhythms in a drum machine
The one who was the one to come
And all of those who might have been

I cry for them like I cry for him
I cry to myself about everything

Love, what is love?
Love, what is love?

Love is a fever
Love is a dream
Sometimes so hard, it can make you scream
Love is a liar
Love can be cruel
Love is an icon, love is a jewel

They let you down
They leave you standing in the rain
They take the joy and leave the pain

Caught between two love affairs
Is it true that no one really cares
My lonely neighbour leaves today
And no one comes to take her place
I lied to her like I lied to him
Now they're gone can I lie about anything
What is love?
Love, what is love? Love, what is love? Love, what is love?
