

# Aloe Blacc, You Make Me Smile

Mmm, make me smile, baby  
Mmm, make me smile

I think it's safe to say  
Things just haven't been going my way  
No work coming in so my money is spent  
And I still got bills to pay

But all in all you've been right here with me  
When I'm sinking low, you come through and lift me  
It's nothing more than the love that you give me  
Keeps me from drowning in tears

You make me smile, whoa, make me smile  
You make me smile  
You come through and save the day  
You make me smile, you make me smile  
You make me smile in a very special way

Everywhere I go people seem to ask me  
Where I'd get my joy, why am I so happy?  
In these trying times when a frown is the fashion  
I'm beaming like the sun, now how can that be?

See the answer to the query is very simple  
I'm always grinning from dimple to dimple  
Because you love me unconditionally  
My happiness is heart sake, can't you see?

Can't you see when you're gone, girl  
I just don't know what to do  
Everything about you, girl  
Everything revolves around you  
And I won't thank you for making me smile

You make me smile, whoa, make me smile  
You make me smile  
You come through and save the day  
You make me smile, you make me smile  
You make me smile, oh, in a very special way  
You make me smile, you make me smile, ooh  
You make me smile  
Love the way you make me hold my head up high  
You make me smile

You make me smile, you make me smile  
Feel like I can walk in the sky  
You make me smile  
When nothing's going my way what else can I say?

You make me smile  
When I can't see the light, here you come, shining bright  
You make me smile  
When everything's bad and I'm feeling real sad

You make me smile  
When I don't have the answers  
You always gave me a chance to smile  
You make me smile, smile, smile
