

# Aloha From Hell, Hello Hello

Hello, hello  
Hello, hello  
We were best friends, we were two of a kind  
But Im sayin goodbye, this is the end  
You open your mouth, girl you wanna be cool  
Youre such a drama queen, think youre a superstar  
You lied about me, when theres nothing to say  
A friend who talks shit  
Is a friend you hope will just go away  
Youre so fly, go ahead and just lie  
But I dont need it in my life  
I trusted you once and you busted me twice  
Now Im gonna take my own advise  
Cause Im so done, what happened to you?  
Shut the fuck up, so you can hear Im sayin  
Hello, hello  
Yeah, Im talkin to you  
Hello, hello  
Im over you  
Hello, hello  
Yeah, miss nose in the air  
I tired to help but you dont care  
Hello, hello  
Yeah, Im talkin to you  
Hello, hello  
Go play the fool  
Hello, hello  
Sayonara baby  
Youre such a drama lady  
You light up a smoke, who you tryin to be now  
The secret is out, youll do anything  
The party last night, lookin like that  
Stayin up all night, you must be crazy  
Cause you hit on my guy  
Like hes easy to take, just another mistake  
Keep on tellin me he wont go away  
It wont last, Ill be kickin your ass  
Someones burnin out real fast  
I trusted you once and you busted me twice  
Now you gonna find out who is naughty or nice  
Cause Im so done, what happened to you?  
Shut the fuck up, so you can hear Im sayin  
Hello, hello  
Yeah, Im talkin to you  
Hello, hello
