

# Alok, Deep In Your Love - feat. Bebe Rexha

Holding back  
'Cause we're holding tension when we touch  
Losing track  
'Cause we've blurred these lines we already crossed

And I don't wanna feel like this tomorrow  
Tomorrow  
Hiding our emotions in the shadows  
The shadows

Let me deep in your love  
Deep in your love  
Deep in your love  
Let me deep in your love  
Deep in your love  
Deep in your love  
Wrap your heart around me

Free your mind  
When I taste your thoughts, it's a remedy  
Ocean eyes  
Oh, how they pull me into your gravity (Gravity)

Just wanna wake up with you tomorrow  
Tomorrow  
Whatever it takes to leave the shallows  
The shallows

Let me deep in your love  
Deep in your love  
Deep in your love (Your love)  
Let me deep in your love  
Deep in your love  
Deep in your love  
Wrap your heart around me

Deep in your love  
Wrap your heart around me, me, me  
Wrap your heart around me, me, me (Wrap your heart around me)  
Baby, let me deep in your love  
Deep in your love  
Deep in your love  
Wrap your heart around me
