

# Aloud, When The Ants Attack The Queen

I - there is no "I" in "team";

But Jack did believe

that's someone else's wet dream

He built up these tracks

with the sweat of his back

Gone along for the ride

It was still suicide

It's sad

Went from riches to rags

When the ants attack the queen

It's the greatest thing I've seen

There they were, face to face

She was such a disgrace

Feeding off of his trust,

his contempt,

and his lust

Jack smiled

The smile of a madman is that of a child

When the ants attack the queen

It's the greatest thing I've seen

It's the greatest thing I've seen
